

## Work reflection

My favorite part of the week would have to be yesterday. I say yesterday because I really enjoyed both the mosaic and the fashion part. For example with the mosaic I enjoyed getting to use my drawing skills, and I got to connect more with my team and see how they view things. As for the fashion half of my day I got to see the kinds of clothing that expressed many of my team members. I also got to design clothes out of paper bag, paper tower, stapler, paper clips, CD tape, and scissors, and gold ties. I never thought these things could be used to make clothing. I liked working with tika it was very exciting because she is a good model, and was very okay with us staple paper to her. ;)
