

My favourite part of the week.

My favourite part of the week was when we worked on the mosaic. Learning how to glue and cement the pieces was interesting and I liked it. I hope the final product is not bad and that the work we are putting in is not for nothing. Even though it will not be the best mosaic ever, it will have been my first time so it will be okay. I did not really enjoy the CLEANING UP part but it is part of the responsibility; you have to be responsible for your actions. Otherwise, the mosaic work was my favorite part of this week.
