

My favorite part of this week, was how we had to come together and take pictures of 2 random people. I also liked when janesha mom came in and talked about fashion and how it can tell how and who you are. We had fun taking pictures so i really liked it. Then i liked how we made a small mosaic =, and i thought it was ugly and it was finished it looked nice. I also had a good time with my team making the a boss mosaic it was nice looking. Then brendan made my day by giving me a taco from taco bell.
